

TONY LEVATINO

- Former Abortion Provider

BIOGRAPHY

Former abortionist Dr. Anthony Levatino shares his unique perspective about why a physician who has been trained to give life would take it away. The story of their conversion to pro-life has educated and motivated audiences worldwide. From selfish motives to true understanding, Dr. Levatino discusses what it was like to perform abortions and the toll it took on his family until a personal tragedy occurred.

Prior to his involvement in the pro-life movement, Dr. Levatino performed both first and second trimester abortions as part of his OB-GYN practice in upstate New York. "I was morally neutral and believed that I had an obligation to offer complete care to my patients." states Dr. Levatino.

His story, combined with practical advice on what the pro-life community can do to increase their effectiveness, has made them popular international speakers.

EVENT REVIEWS

"While the subject is very difficult to hear, the Levatinos did an excellent job of making the tragedy of abortion very real to the audience. I thought it would be challenging to top the effective testimony of our prior speakers, but their testimony was incredibly powerful and effective in helping the audience understand the reality of what this ministry faces each and every day."

-Lisa Hogan, Sav-A-Life Vestavia

"Tony and Ceil Levatino were amazing speakers at our Annual Banquet – The Truth is Black and White. Their testimony was so powerful and articulate. They provided our donors with a new outlook on abortion and our local abortion provider. They contributed to the best banquet in Loving Choices history. We would highly recommend them to any pregnancy center. "
